

Mehrsazeh

Mehrsazeh is a professional shelving company based in Iran, offering a wide range of industrial and commercial shelving systems. We provide high-quality storage solutions for warehouses, retail stores, and businesses of all sizes. With a focus on durability, design, and customer satisfaction, Mehrsazeh helps you organize your space smarter.

At Mehrsazeh, shelving is not just a product—it is a solution for organization, efficiency, and business growth.

Mehrsazeh Group is a leading manufacturer of advanced metal shelving systems with expertise in design, production, and export. Our main product lines include warehouse shelving for heavy-duty use, retail shelving for supermarkets and stores, and store equipment such as stands and customized solutions.

Beyond manufacturing, we offer a complete service chain—from consultation and tailored design to logistics, installation, after-sales support, and export operations. As a member of the Tehran Chamber of Commerce and the Iranian Association of Shelving Manufacturers, we proudly serve both domestic and international markets with reliable, high-quality solutions that drive organization, efficiency, and growth.

Mission

Providing innovative, durable, and customized shelving solutions with full services from design to after-sales, helping businesses achieve organization, efficiency, and growth.

Vision

By 2030, to be the leading regional brand in shelving and storage systems, recognized for quality, reliability, and smart solutions, while expanding exports and setting new standards in customer satisfaction across domestic and international markets.

KEY FEATURES

FUNCTIONAL DESIGN IN ACTION

BOLTLESS SHELVING DIMENSIONS

▶ Rack Height	1 M TO 6 M
▶ Beam Length	1.16 M, 1.56 M, 1.94 M, 2.23 M, 2.70 M, 3.00 M
▶ Shelf Depth	50 CM, 60 CM, 70 CM, 80 CM, 90 CM, 100 CM 110 CM, 120 CM
▶ Thickness	0.9 MM, 1.25 MM, 1.5 MM, 2.0 MM

APPLICATIONS

- ▶ Warehouses and industrial storage facilities
- ▶ Manufacturing plants
- ▶ Logistics and distribution centers
- ▶ Heavy-duty goods storage

BOLTLESS SHELVING

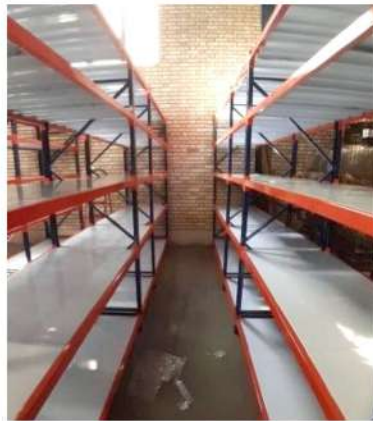

QUICK ASSEMBLY – FLEXIBLE STORAGE

Boltless Shelving, also known as Easy Rack, is designed for light to medium-duty storage. With a simple assembly system and modular flexibility, it provides cost-effective and practical solutions for both commercial and personal use.

KEY FEATURES

- ▶ **Medium Load Capacity** Supports up to 300 kg per shelf
- ▶ **Tool-Free Assembly** Fast boltless installation
- ▶ **Adjustable Shelves** Flexible height and spacing
- ▶ **Lightweight but Sturdy Strong** steel frame with powder-coated finish
- ▶ **Customizable** Available in different sizes and color

FUNCTIONAL DESIGN IN ACTION

BOLTLESS SHELVING DIMENSIONS

► Thickness

1 M TO 6 M

► Shelf Depth

1.16 M, 1.56 M, 1.94 M, 2.23 M, 2.70 M, 3.00 M

► Beam Length

50 CM, 60 CM, 70 CM, 80 CM, 90 CM, 100 CM
110 CM, 120 CM

► Rack Height

0.9 MM, 1.25 MM, 1.5 MM, 2.0 MM

APPLICATIONS

- Ideal for medium-weight storage in warehouses and workshops
- Suitable for retail backrooms and stockrooms
- Used in automotive parts storage (oil, filters, spare parts)
- Perfect for household and office storage (archives, boxes, tools)
- Great for supermarkets and hypermarkets (bulk goods & cartons)
- Flexible for industrial use where heavy-duty racks are not required
- Easy to assemble, disassemble, and relocate without welding

LIGHT DUTY SHELVING

Light Duty Shelving systems are designed for storing lightweight to medium-weight goods with flexibility and easy assembly. These shelves are an ideal solution for workshops, offices, small warehouses, and retail storage areas.

KEY FEATURES

- ▶ Modular design with nut & bolt assembly
- ▶ Adjustable shelves for different load sizes
- ▶ Cost-effective and durable structure
- ▶ Suitable for cartons, parts, packages, and small products
- ▶ Maximum space utilization with simple installation and maintenance

FUNCTIONAL DESIGN IN ACTION

0.7 MM, 0.9 MM

APPLICATIONS

- ▶ Warehouses and industrial storage facilities
- ▶ Manufacturing plants
- ▶ Logistics and distribution centers
- ▶ Heavy-duty goods storage

AVAILABLE COLORS: WHITE BLACK GRAY NAVY

SUPERMARKET SHELVING

FLEXIBLE DISPLAY SOLUTIONS FOR ALL RETAIL SPACES

Supermarket shelving systems are engineered to provide maximum product visibility, easy access, and efficient use of retail space. Available in both Wall Units (single-sided) and Gondola Units (double-sided), they are ideal for supermarkets, groceries, and convenience stores.

KEY FEATURES

- ▶ **Strong & Durable** Heavy-duty steel structure for long-lasting use
- ▶ **Adjustable Shelves** Customize height & depth for different products
- ▶ **Flexible Configurations** Wall units for aisles and gondolas for central displays
- ▶ **Easy Installation** Quick setup with modular components
- ▶ **Attractive Design** Modern look with customizable colors and sizes

FUNCTIONAL DESIGN IN ACTION

DIMENSIONS	▶ RACK HEIGHT (WALL UNITS) 1 M TO 3 M
	▶ RACK HEIGHT (FREE-STANDING UNITS) 1.60 M, 1.90 M, 2.20 M, 2.45 M
	▶ RACK HEIGHT (MIDDLE UNITS) SAME AS FREE-STANDING UNITS
	▶ SHELF LENGTH 70 CM, 80 CM, 95 CM
	▶ SHELF DEPTH 20 CM, 30 CM, 40 CM
	▶ BRACKET LENGTH ACCORDING TO SHELF DEPTH

APPLICATIONS
▶ Supermarkets & Hypermarkets
▶ Grocery Stores
▶ Pharmacies & Cosmetic Shops
▶ Bookstores & Retail Shops

AVAILABLE COLORS: WHITE BLACK RED OR CUSTOM COLORS

MULTI-PURPOSE SHELVING

VERSATILE DESIGN WITH ADJUSTABLE ANGLE & CURVED GONDOLA OPTIONS

Multi-Purpose Shelving is designed to meet diverse retail requirements with flexible sizes and adjustable shelf angles. Its curved gondola option offers an attractive central display for modern supermarkets and stores, enhancing both function and aesthetics.

KEY FEATURES

- ▶ **Multiple Sizes** Available in a wide range of dimensions
- ▶ **Adjustable Angle** Shelves can be inclined using brackets for better product display
- ▶ **Curved Gondola Option** Elegant design for center-store layouts
- ▶ **Modular & Durable** Easy to assemble, long-lasting steel structure
- ▶ **Customizable** Colors, heights, and shelf depths to match store needs

FUNCTIONAL DESIGN IN ACTION

MULTI-PURPOSE SHELVING DIMENSIONS	▶ RACK HEIGHT 1 M TO 3 M
	▶ RACK HEIGHT 1.45 M, 1.75 M, 2.10 M, 2.40 M
	▶ SHELF LENGTH 70 CM, 90 CM
	▶ SHELF DEPTH 20 CM, 25 CM, 30 CM, 35 CM, 40 CM
	▶ BRACKET LENGTH ACCORDING TO SHELF DEPTH
	▶ SHELF THICKNESS 0.7 MM

APPLICATIONS
▶ Hypermarkets & Large Supermarkets
▶ Cosmetics & Pharmacies
▶ Electronics & Accessories
▶ Fashion & Retail Shops

GENERAL HYPERMARKET SHELVING

HEAVY-DUTY DISPLAY WITH LABEL & SUPPORT OPTIONS

General Hypermarket Shelving is a reinforced version of supermarket shelves, specially designed for heavy display loads. With label holders for price tags and optional under-shelf supports, it combines strength, functionality, and an attractive retail design.

KEY FEATURES

- ▶ **High Load Capacity** Extra support options for heavy goods
- ▶ **Label Holder** Easy product pricing & category marking
- ▶ **Durable Structure** Stronger than standard supermarket shelving
- ▶ **Flexible Design** Adjustable shelves and modular components
- ▶ **Custom Options** Available with reinforced supports, different colors & sizes

BEAN STORAGE BUCKETS

RETAIL STORE SOLUTION

Optimize your store display and keep products organized with our durable, colorful bean storage buckets. Perfect for supermarkets, grocery stores, and bulk food sections, these buckets are designed to handle frequent use while maintaining a clean and professional appearance.

Enhance your store's presentation and improve customer experience with these versatile storage buckets.

AVAILABLE IN THREE PRACTICAL SIZES TO SUIT YOUR STORE'S LAYOUT AND STOCK VOLUME:

Large 125 cm H x 60 cm – ideal for high-volume items

Medium 115 cm H x 60 cm – perfect for standard displays

Small 110 cm H x 55 cm – compact, space-saving solution

KEY FEATURES

- ▶ High-quality, durable construction
- ▶ Smooth wheels for easy movement (360° rotation for trolleys)
- ▶ Stackable design for space saving
- ▶ Customizable in different colors
- ▶ Optional logo printing for branding

FRUITS AND VEGETABLES SHOWCASE

Showcase fresh fruits and vegetables in an organized and attractive way with our durable, high-capacity display stands. Designed specifically for bulk produce, these stands are built to withstand heavy loads, with each basket supporting up to 50 kg.

All stands feature a durable green powder-coated finish for long-lasting appearance and easy maintenance. Optional wheels can be installed separately for mobility and flexible store layout.

Enhance product visibility, optimize store space, and create an inviting shopping experience with these versatile fruit and vegetable display stands.

5-Basket Stand Single-tier solution for compact displays

8-Basket Stand 4-tier configuration for medium display areas

11-Basket Stand 4-tier configuration for maximum display capacity

METAL STAND

A stylish and durable metal stand designed for displaying snacks such as chips, puffs, biscuits, and other lightweight packaged items. Available in both single-sided and double-sided models- ideal for supermarkets and retail stores.

Specifications:

Height: 1.50 m or 1.75 m

Basket Size: 40 × 60 cm or 40 × 90 cm

Number of Tiers: 3 to 6 shelves

Structure: Single-sided or Double-sided

Material: High-quality steel with electrostatic powder coating

DIMENSIONS	STRONG AND ADJUSTABLE HOOKS
	STABLE BASE WITH EXCELLENT WEIGHT SUPPORT
	EASY TO ASSEMBLE AND MOVE
	MODERN AND SPACE-SAVING DESIGN

APPLICATIONS	supermarkets
	hypermarkets
	grocery stores
	promotional snack displays

AVAILABLE COLORS: WHITE BLACK RED (CUSTOMIZABLE UPON REQUEST)

HYPERI FRONT STAND

CHIPS & SNACK DISPLAY STAND (23 KG CAPACITY)

A stylish and durable metal stand designed for displaying snacks such as chips, puffs, biscuits, and other lightweight packaged items. Available in both single-sided and double-sided models—ideal for supermarkets and retail stores.

Specifications:

Dimensions: 97 × 40 × 200 cm

Color / Finish: Powder coated — white + black

Weight: 24 kg

Number of shelves / levels: 6

Load capacity: 23 kg (for chips & snacks)

Variants / Color options available: White, black, red

Support structure: Each shelf is reinforced — under each shelf a 1×1 square tube used

Advantage / claim: More durable than typical market versions (due to heavier use of materials)

Material / construction: Uses cross-sections (square tubes) and 3 mm chrome (or material reinforcement)

PUNCH STAND

FULL-PUNCH PANEL FLOOR HANGER STAND

A floor-standing hanger stand designed for retail stores, featuring a full-punch (pegboard-style) back panel. Available in two powder-coated finish colors: white and black (electrostatic). Requires no anchoring or external fasteners, making it suitable for a wide variety of retail environments.

It supports hanger rods (peg hooks), offering flexibility in displaying merchandise. The product is offered in size 150 × 60 cm

Retailers can choose up to 30 hanger rods ("régal" rods) to equip the stand; each additional rod adds to the total price.

Dimensions: 150 × 60 cm

Finish / Color Options Powder-coated (electrostatic): white, black

Installation: No need for anchoring or external fasteners

Rod Capacity: Up to 30 hanger rods (configurable)

Target Use: For retail shops (suitable for various business types)

ANGLED DISPLAY STAND

CHARCOAL, CHIPS & SNACK RACK

A durable, powder-coated angled display stand designed for showcasing products such as charcoal, chips, and snacks. The slanted structure provides better visibility and accessibility for customers, making it ideal for supermarkets, mini-markets, and retail spaces.

Specifications:

Height Options 1.75 m / 1.85 m	Shelf Levels 3 / 4 / 5 / 6 tiers (optional)
Shelf Size Options 35 × 47 cm / 35 × 70 cm	
Finish / Color Options Powder-coated (oven paint): white, red, black	
Material Metal frame with reinforced shelves	
Recommended Use Displaying chips, snacks, and charcoal products	

ANGLED BASKET STAND

SINGLE-SIDED MOBILE DISPLAY RACK

This angled basket stand is designed for displaying light packaged snacks such as chips and puffs. It features four strong wire baskets made from 4 mm steel wire (rod), finished with electrostatic powder coating for maximum durability and a clean appearance. Each basket can also be sold separately if needed.

Specifications:

Quantity 1 unit	Number of Tiers 4
Basket Dimensions 40 × 95 cm	Material 4 mm high-quality steel wire
Finish / Paint Electrostatic powder coating	Frame Type Mobile, single-sided (with wheels)
Suitable For Displaying chips and snack products	

COMPLETE ISLAND CAKE STAND / 5 TIERS

SINGLE-SIDED MOBILE DISPLAY RACK

A full set 5-tier island cake display stand, designed as a free-standing unit without requiring external supports or fasteners. The stand features a round base with a 1-meter diameter, and comes with varied shelf sizes across its tiers. All shelves are supported and equipped with protective rims (guards) in a plated / powder-coated finish.

Available in various oven-baked colors (powder coatings) to match store design schemes.

Specifications:

Base diameter: 1.00 m (circular base)	Number of tiers / shelf levels: 5
Shelf sizes (by tier): 50, 40, 35, 30, 25 (units: presume cm)	
Support structure: All shelves are supported (reinforced)	
Finish / Color: Powder / oven paint, range of color options	
Mounting / Installation: Self-standing / no additional anchoring or external fasteners needed	
Rim / Guard: Each shelf has a rim / guard, plated and colored	

COMPLETE ISLAND CAKE STAND / 5 TIERS

SINGLE-SIDED MOBILE DISPLAY RACK

These load-carrying carts are designed for ease of transport in warehouses, stores, or delivery scenarios.

The Two-Wheel Hand Cart is a basic model suitable for flat surfaces, ideal for general transport of goods.

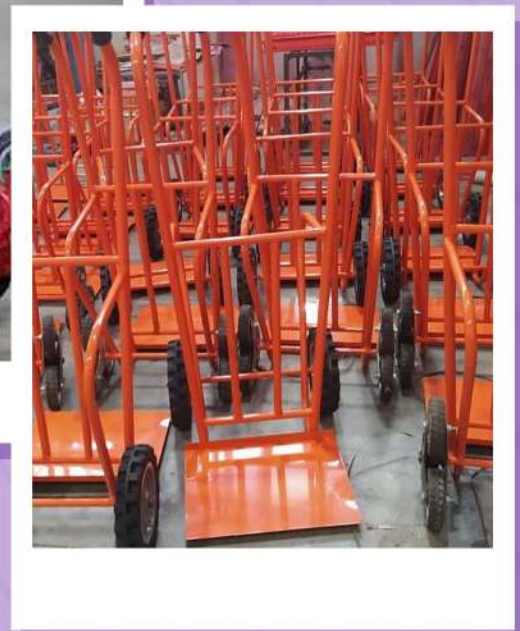

The Three-Wheel Stair-Climbing Cart (3-wheel stair climber) is specialized for moving loads over stairs or uneven surfaces, featuring three rotating wheels to ease ascent and descent of steps.

Both models are finished in electrostatic powder coating (oven baked) for durability and resistance to wear, and come in an on-site orange color.

Specifications:

Feature	Two-Wheel Cart	Three-Wheel Stair-Climbing Cart
Platform / Base Dimension	70 × 150 cm	70 × 150 cm
Finish / Color	Powder coated (orange)	Powder coated (orange)
Wheel Type	Compressed plastic wheels (plain or tread)	3 rotating plastic wheels designed for stair climbing
Number of Wheels:	2	3

FUNCTIONAL DESIGN IN ACTION

APPLICATIONS

- ▶ Flat surfaces
- ▶ general load transport Staircases
- ▶ uneven terrain
- ▶ deliveries involving steps

YOUKA Model Check Out Table

- Has a monitor stand and cash drawer compartment
- Has a motor and conveyor belt to facilitate operator access
- Suggested options: POS stand / plastic hanger / scale table / electronic
- Type of powder coating: electrostatic spraying, optional colors, for example: gray and white, gray and red, red and white, red and black
- Body material: 1 mm thick oil sheet with a thickness of 1 millimeter / aluminum frame, top surface and basin: anti-scratch wheat-textured stainless steel

Length	220 / 240 / 260 / 280 cm
Height	85 cm height with adjustable base
Main table width	60 cm
Operator table dimensions	55 x 50 cm
Small basin size	75 x 60 cm

POUYA Model Check Out Table

- In this model, the cash drawer cannot be placed inside the frame, and the scale table can be used to place the cash drawer
- Suggested options: POS stand / plastic hanger / scale table / monitor stand
- Type of powder coating: electrostatic spraying, optional colors, for example: gray and white, gray and red, red and white, red and black
- Body material: one-millimeter sheet / 1 frame iron surround (French frame) / bright steel top surface
